

Signing Charades

Print out the charade word sheet. You might want to do it on heavy paper so the game will last a little longer.

Cut out each word and fold in half.

Place the word strips in a hat, bag or bowl.

Divide into two teams.

Pick a player to go first.

Player stands in front of team and draws a word strip from container.

Player has 1 minute to sign as many words as he/she can to their group.

As soon as the team correctly identifies the sign, the player is allowed to draw another word.

Make sure to keep the completed words out of the hat so you don't run into repeats.

The team with the most correct signs wins!

Happy Signing!
